THE MARUDUPANDIYAR INSTITUTIONS

THANJAVUR

ABOUT US

The Institution is located on the semi-urban area of Thanjavur District. Special concessions are given to the students hailing from Athivetti the place where the founder of this institution hails from. 125 students have enjoyed the benefits of this concession, which includes free boarding and lodging, transport & uniforms. The fees for these students are borne in by the trust. Special concessions are given to the specially abled students. These concessions will be in effect in the future as well. The Institution has a deep notion of rendering service to the deserving candidates.

The **MARUDUPANDIYAR INSTITUTION** Provides 'Education to needy peoples'. Accordingly, the college continues to impart higher education.

The college is a multi-faculty college with Science & Arts. At present, the college has adequate Infrastructural facilities – class rooms, library, computer laboratory, Wi-Fi facilities, playground etc. Apart from the regular teaching learning activities, the college strives for the overall development of the rural students by conducting various extra-curricular activities for them.

The Institution stands for motivating the youth towards culture, discipline and everlasting influence on the value of the nation which ultimately stands as the "People's Organization".

CHAIRMAN AND MANAGING TRUSTEE

MPI has completed 26 years of service to the society by means of imparting quality education. At MPI, we have always believed in a progressive and equal opportunity for all, that has today become the vanguard of academic excellence.

The broad philosophy of MPI is to nurture today's youth to face the real challenges of tomorrow. The unwavering commitment to the highest quality education at MPI all along has sped us on this journey. The generations of parents have only made it possible for this long journey of MPI wherein the care and education of their children were of paramount importance.

MPI ensures the creation of opportunities for the young pupil not only to learn but also to experience the fulfilment that comes from sharing the acquired knowledge and skills. MPI indeed remains focussed and will continue to deliver education that helps create the leaders of tomorrow.

“Be Bold In What You Stand For”

WHY STUDY AT MPI

- ▶ Experienced faculties building strong fundamentals and developing managerial skills among all students
- ▶ Good education at parent's affordable budget

THE POWER OF EXPERIENTIAL LEARNING BEYOND THE COLLEGE DEGREE

MARUDUPANDIYAR

INSTITUTIONS

COMPUTER SCIENCE

Enrolling for a course in computer science makes the students to learn about the software and the hardware aspects which makes them qualified for any IT related Jobs.

Duration: 3 Years

Eligibility:

B.Sc Computer Science : A Pass in 12th standard with Mathematics as one of the subjects.

M.Sc Computer Science : A pass in B.Sc CS or B.C.A or B.Sc IT.

M.Phil in Computer Science: A Pass in M.Sc CS or M.C.A or M.Sc IT.

Computer Science is the field of study that focuses on the application of information and computation to computer systems. There are several subfields of computer science that include computer graphics, language programming, computational problems, and computer programming.

Ph.D in Computer Science: As per University Norms.

BCA

Enrolling for a course in BCA assists the candidates in opting for IT Jobs and IT enabled sectors. The students are given exposure to various programming languages and ample hands-on training sessions.

Duration: 3 Years

Eligibility:

A pass in 12th standard with Mathematics as one of the subjects

INFORMATION TECHNOLOGY

The candidates on completion of the course will earn them various profiles as Programmer, Systems engineer, Software Engineer, Network administrator and Database specialists.

Duration: 3 Years

Eligibility:

B.Sc IT : A pass in 12th Standard with Mathematics as one of the Subjects

M.Sc IT : A pass in B.Sc CS, BCA or B.Sc IT

ENGLISH

A course in BA and MA English make the candidates competent in both written and spoken and make them proficient in communication skills.

Duration: 3 Years

Eligibility:

BA English : A pass in 12th standard

MA English : A pass in any UG course recognised by the university

M.Phil in English : A pass in MA English or any other Equivalent degree recognised by the university.

PhD in English : As per University Norms.

BIO CHEMISTRY

The students opting for this course are trained in all fronts like Cell Biology, Bio informatics, Energy and Metabolism, Development and Disease, Plant Biology, Molecular Biology, Genetics.

Duration: 3 Years

Eligibility:

B.Sc BioChemistry: A pass in 12th with Biology and Chemistry

M.Sc Biochemsitry : A pass in B.Sc Biochemistry / an UG degree from Life Sciences.

M.Phil in BioChemsitry : A PG degree in Biochemistry / an PG degree from Life sciences.

Ph.D in Biochemistry : As per University Norms.

CHEMISTRY

The course teaches them Physical, Organic, Inorganic, General Chemistry, Pharmacology and Genetics.

Duration: 3 Years

Eligibility:

B.Sc Chemistry : A pass in 12th standard with Chemistry as one of the subjects.

M.Sc Chemistry : A UG Degree in chemistry.

MATHEMATICS

The candidates get a deeper knowledge of advanced mathematics through a vast preference of subject such as geometry calculus, algebra, number theory dynamical systems differential equations

Duration: 3 Years

Eligibility:

B.Sc Mathematics: A pass in 12th standard with Mathematics as one of the subjects.

M.Sc in Mathematics: A pass in B.Sc Mathematics

M.Phil in Mathematics: A PG Degree in Mathematics.

Ph.D in Mathematics: As per University Norms

BIO TECHNOLOGY

The course focuses on advanced knowledge and applications of Biology and Chemistry in the field of technology, design and engineering. It involves the study of the usage of living organisms to produce bio-products, and its implementation in engineering, technology and medicine

Duration: 3 Years

Eligibility:

B.Sc Biotechnology : A pass in 12th standard with Biology as one of the subjects.

M.Sc Biotechnology : A UG degree in Biotechnology or any other Life science degree.

M.Phil in Biotechnology: A PG degree in Biotechnology or any other Life science PG degree

Ph.D in Biotechnology : As per University Norms.

MICROBIOLOGY

The course covers information on different types of viruses and bacteria and how they function in a human cell. On completing the course the students can apply for various positions like Pharmacologist, Ecologist, and Food Technologist in Food and Dairy industries and hospitals.

Duration: 3 Years

Eligibility:

B.Sc Microbiology : A pass in 12th standard with Biology as one of the subjects.

M.Sc Microbiology : A UG degree in Microbiology or any other Life science degree.

M.Phil in Microbiology: A PG degree in Microbiology or any other Life science PG degree

Ph.D in Microbiology : As per University Norms.

MANAGEMENT STUDIES

The course aims to familiarize the students with the real-time business world. This program focuses on preparing students with skills to face problems in the business environment and for leadership through an innovative educational experience.

Duration: 3 Years

Eligibility:

THE PRINCIPAL

I Wish The Marudupandiyar Institutions to reach greatest heights and become the people's organizations.

I take pride in informing the students that they have stepped into the right place where they can build their career. No doubt, our institution will mold them as a good natured and disciplined personnel. Our college makes the students fit, courageous and confident personnel to face the society in the competitive global scenario when they leave our college after completion of their respective course.

Dr. M. VIJAYA
